DELETION OF ITEMS FROM JANUARY 25, 2024 OPEN MEETING

The following items were adopted by the Commission on January 23, 2024 and January 24, 2024, respectively, and deleted from the list of items scheduled for consideration at the Thursday, January 25, 2024, Open Meeting. The items were previously listed in the Commission's Sunshine Notice on January 17, 2024.

<u>ITEM NO.</u>	<u>BUREAU</u>	<u>SUBJECT</u>
4	MEDIA	TITLE: Restricted Adjudicatory Matter SUMMARY: The Commission will consider a restricted adjudicatory matter from the Media Bureau.
10	WIRELESS TELE-COMMUNICATIONS	TITLE: Modernizing and Expanding Access to the 70/80/90 GHz Bands (WT Docket No. 20-133) SUMMARY: The Commission will consider a Report and Order and Further Notice of Proposed Rulemaking that would adopt new rules and update preexisting rules for the 70/80/90 GHz bands. The item would authorize certain point-to-point links to endpoints in motion in the 70 GHz and 80 GHz bands for aeronautical and maritime use; provide for smaller, lower-cost antennas to facilitate backhaul service in those bands; and adopt changes to the link registration process. The item would also seek comment on the potential inclusion of Fixed Satellite Service earth stations in the light-licensing regime for the 70 GHz and 80 GHz bands.
